The Red Poll and Maine-Anjou sale Committee would like to thank all vendors and sponsors for their continued support and wish you every success at the 2015 Sale.
Please note- it's the responsibility of those who purchase stock to arrange cartage.

Warranties

All stock sold must be of sound and fertile condition. Where a purchaser submits a Veterinary Report to the Vendor that an animal purchased at this Sale is infertile (within six months of the sale date), the Vendor is only liable to refund the purchase price in full.

We wish all buyers success with their purchases from the quality stock contained in this 2015 Catalogue.

Disclaimer

Neither the sale committee, nor the represented breed organizations take the responsibility for the accuracy of the information contained within this catalogue, or the outcome of any action by readers or others based on the information contained therein.

"HELMSMAN" BUYING SYSTEM

This buying system combines the best features of both the auction system and sale by private treaty. People say that the "Helmsman" system is buyer friendly because it helps them get better value for money. The simultaneous auction method enables them to switch to the best-valued animal at any time during the sale.

So the "Helmsman" system will give you a better chance of getting the animal of your choice at the price of your choice.

The Benefits

1. You have more time to consider lodging a bid.
You can place genuine bids on any animal of your choice at any time during the sale period.
2. You have the opportunity to reassess each lot during the sale period without any pressure to make an instant decision.
3. You take home the animal/s you want irrespective of lot order.
4. If you are considering purchasing a number of animals, the "Helmsman" system will give you a better chance to average your purchase costs in order to meet your budget.

How the "Helmsman" System Works

- On arrival, intending purchasers need to register at the bid table and receive a buyer number.
- All animals are displayed for inspection prior to, and during the sale.
- When the sale commences, all animals are on the market simultaneously. You may bid on any animal regardless of lot number, by filling in a bid card and handing it to the receptionist at the bid table, agent or to a "runner".
- You may open the bidding at the reserve price indicated for each animal in the catalogue, and contest bids in multiples of no less than \$100.
- Bids are recorded, with the buyer's number, on a large board adjacent to the animals. You can bid on any numbers of animals at once, and see at a glance whether your bid still stands, or has been over-bid.
- There is no pressure to commit you to another bid. If your "first choice" animal goes beyond your limit, you can still bid on any other animal in the sale.
- The sale will remain open for a minimum of 15 minutes. A bid registered in the last 2 minutes will result in a 2 minute extension of selling time. Any further bids trigger the same extension of selling time. Any further bids trigger the same process until a full 2 minutes "no bid" period concluded the sale.
- A bid, once submitted and recorded, cannot be retracted

POLLED- BEEF ONLY

WATTLE GLEN KALIOPE

Wattle Glen Kaliope is growthy and polled, a nervous heifer.
POLLED- BEEF ONLY

MAINE PARK

TEMPERAMENT - STRUCTURAL SOUNDNESS - WEIGHT FOR AGE

The philosophy at Maine-Park is to achieve high yielding carcass stock with NO grain feeding, while maintaining quiet cattle that are structurally sound with no hoof trimming necessary-ensuring longevity.

We are currently artificially inseminating our herd with the best bulls from America, plus full French bulls and bulls from the oldest Maine-Anjou studs in Australia.

Nancy is from a long line of proven genetics that just perform year after year with no hassle at all. Nancy has a strong top line and is showing a great maturity pattern that should stand her in good stead to become a quality breeding animal. Nancy has been joined to Stormley Ned-Kelly (Supreme Red Poll Exhibit Melbourne 2014) from 04/10/2014 – 10/12/2014.

Nora is a full sister to last years top priced female (Stormley Mary-May) and I believe that Nora can be held in the same category as her sister. Nora's dam was the last ever female bred from the famous Wyena stud so don't miss your chance to introduce these genetics into your stud. Sells unjoined. BEEF PROTECTED AREA
